The Mount

#### Mt. St. Joseph's Philosophy

Mount St. Joseph Academy, a state certified, Catholic secondary school, provides a value based quality education. The Academy is available to students of all faiths and is in keeping with Catholic teaching and Christian values. Mount St. Joseph offers an intense academic program that incorporates religious and moral education through a broad range of curricular and co-curricular activities.

Mount St. Joseph Academy holds as its main goal the education of the whole person. It is our belief that each student is uniquely gifted, thus we cooperate in the development of each student's spiritual, intellectual, emotional, social and physical potential in preparation for life after high school.

We believe that learning occurs in an atmosphere where faith and community are emphasized and overtly practiced so that young people may be supported personally as they grow to a faith-filled, value centered maturity, seeking personal wholeness and effective service of others

# Yearbook Dedication

Dear Mrs. Patterson

We, the Class of 2002, would like to thank you for your continued support and dedication. Whether you were in the classroom, on the ski hill, chaperoning a school function, or in the yearbook office we could see your abounding enthusiasm. You never hesitated to give up time for us.

You found a way to teach each of us. Class was always interesting and fun, and there was never a dull moment. We liked your versions of BINGO for review. You are respectful and fair to each student.

You were not only a teacher, but also a friend. You took the time to listen. Thank you for your encouragement, your patience, your smiles in the hallway, and your optimism.

We wish you the best of luck in the future!

Sincerely,

The Class of 2002

November, 2001

Dear Students,

This letter is in every sense a "thank you" note. Please allow me to elaborate.

As I write, world events continue to unfold as a result of the terrorist attack that occurred on September 11, 2001. Undoubtedly many of us are still saddened by the loss of life and concerned about our nation in general as we try to "recover" and move forward from that tragic event.

In some ways the tragedy of September 11<sup>th</sup> has allowed us to better appreciate our school community. MSJ is a place where we can gather together and share the burden of adversity or celebrate our accomplishments, both now seeming more profound than ever before in the face of that tragedy.

All of you have contributed to the goodness that is present in our school. All of you have reminded us about "the important things in life." And all of you have given a great gift to each other in your pursuit of things that are truly good: education, serving others, friendship, teamwork, among others.

My point is that I believe you deserve credit for reminding our school community about "the good" in our world. When tragedy occurs at the national and international levels, we sometimes must look within our own community to find solace and hope. And when I did so in the face of recent world events, I found precisely those things. Thank you for being who you are, and for using the gifts God has given you to do good things.

My hope is that you will remember more about the 2001-2002 school year than the tragedy in and of itself. Remember also that there were some great moments of goodness this year, and those great moments involved you living your lives well.

Good luck, Class of 2002. May you continue to use the gifts God has given you to bring solace and hope to your community and the world.

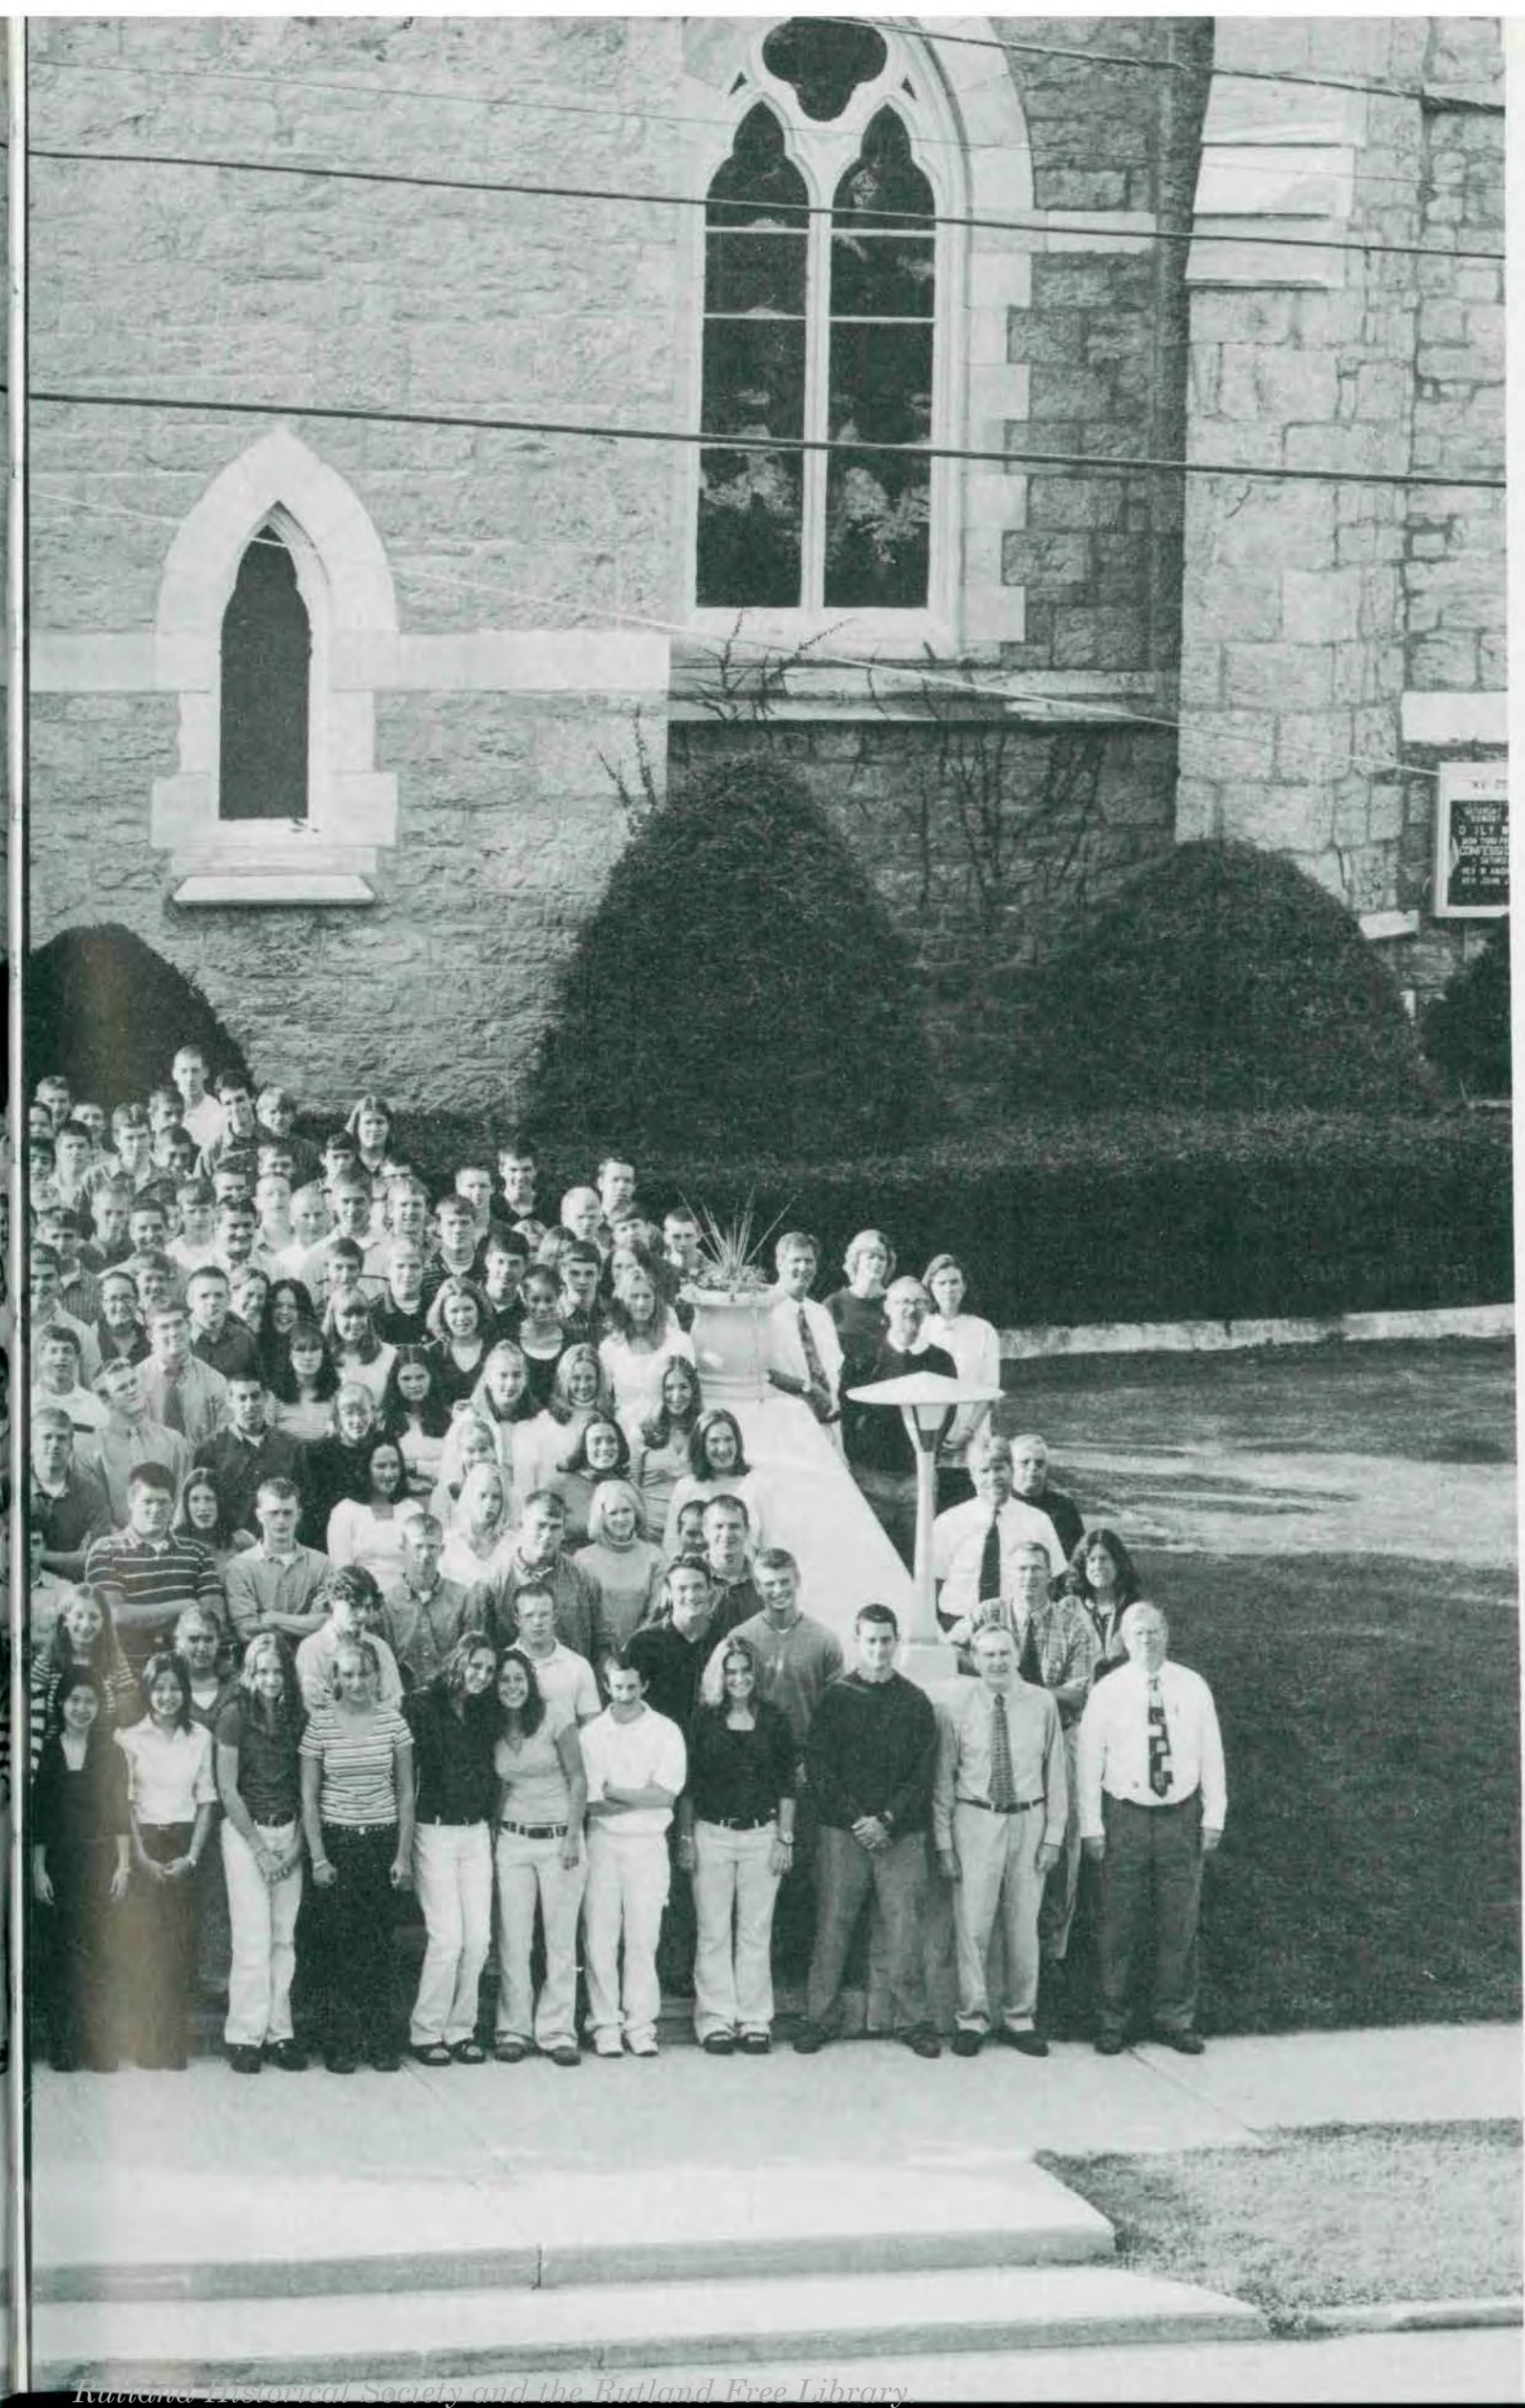

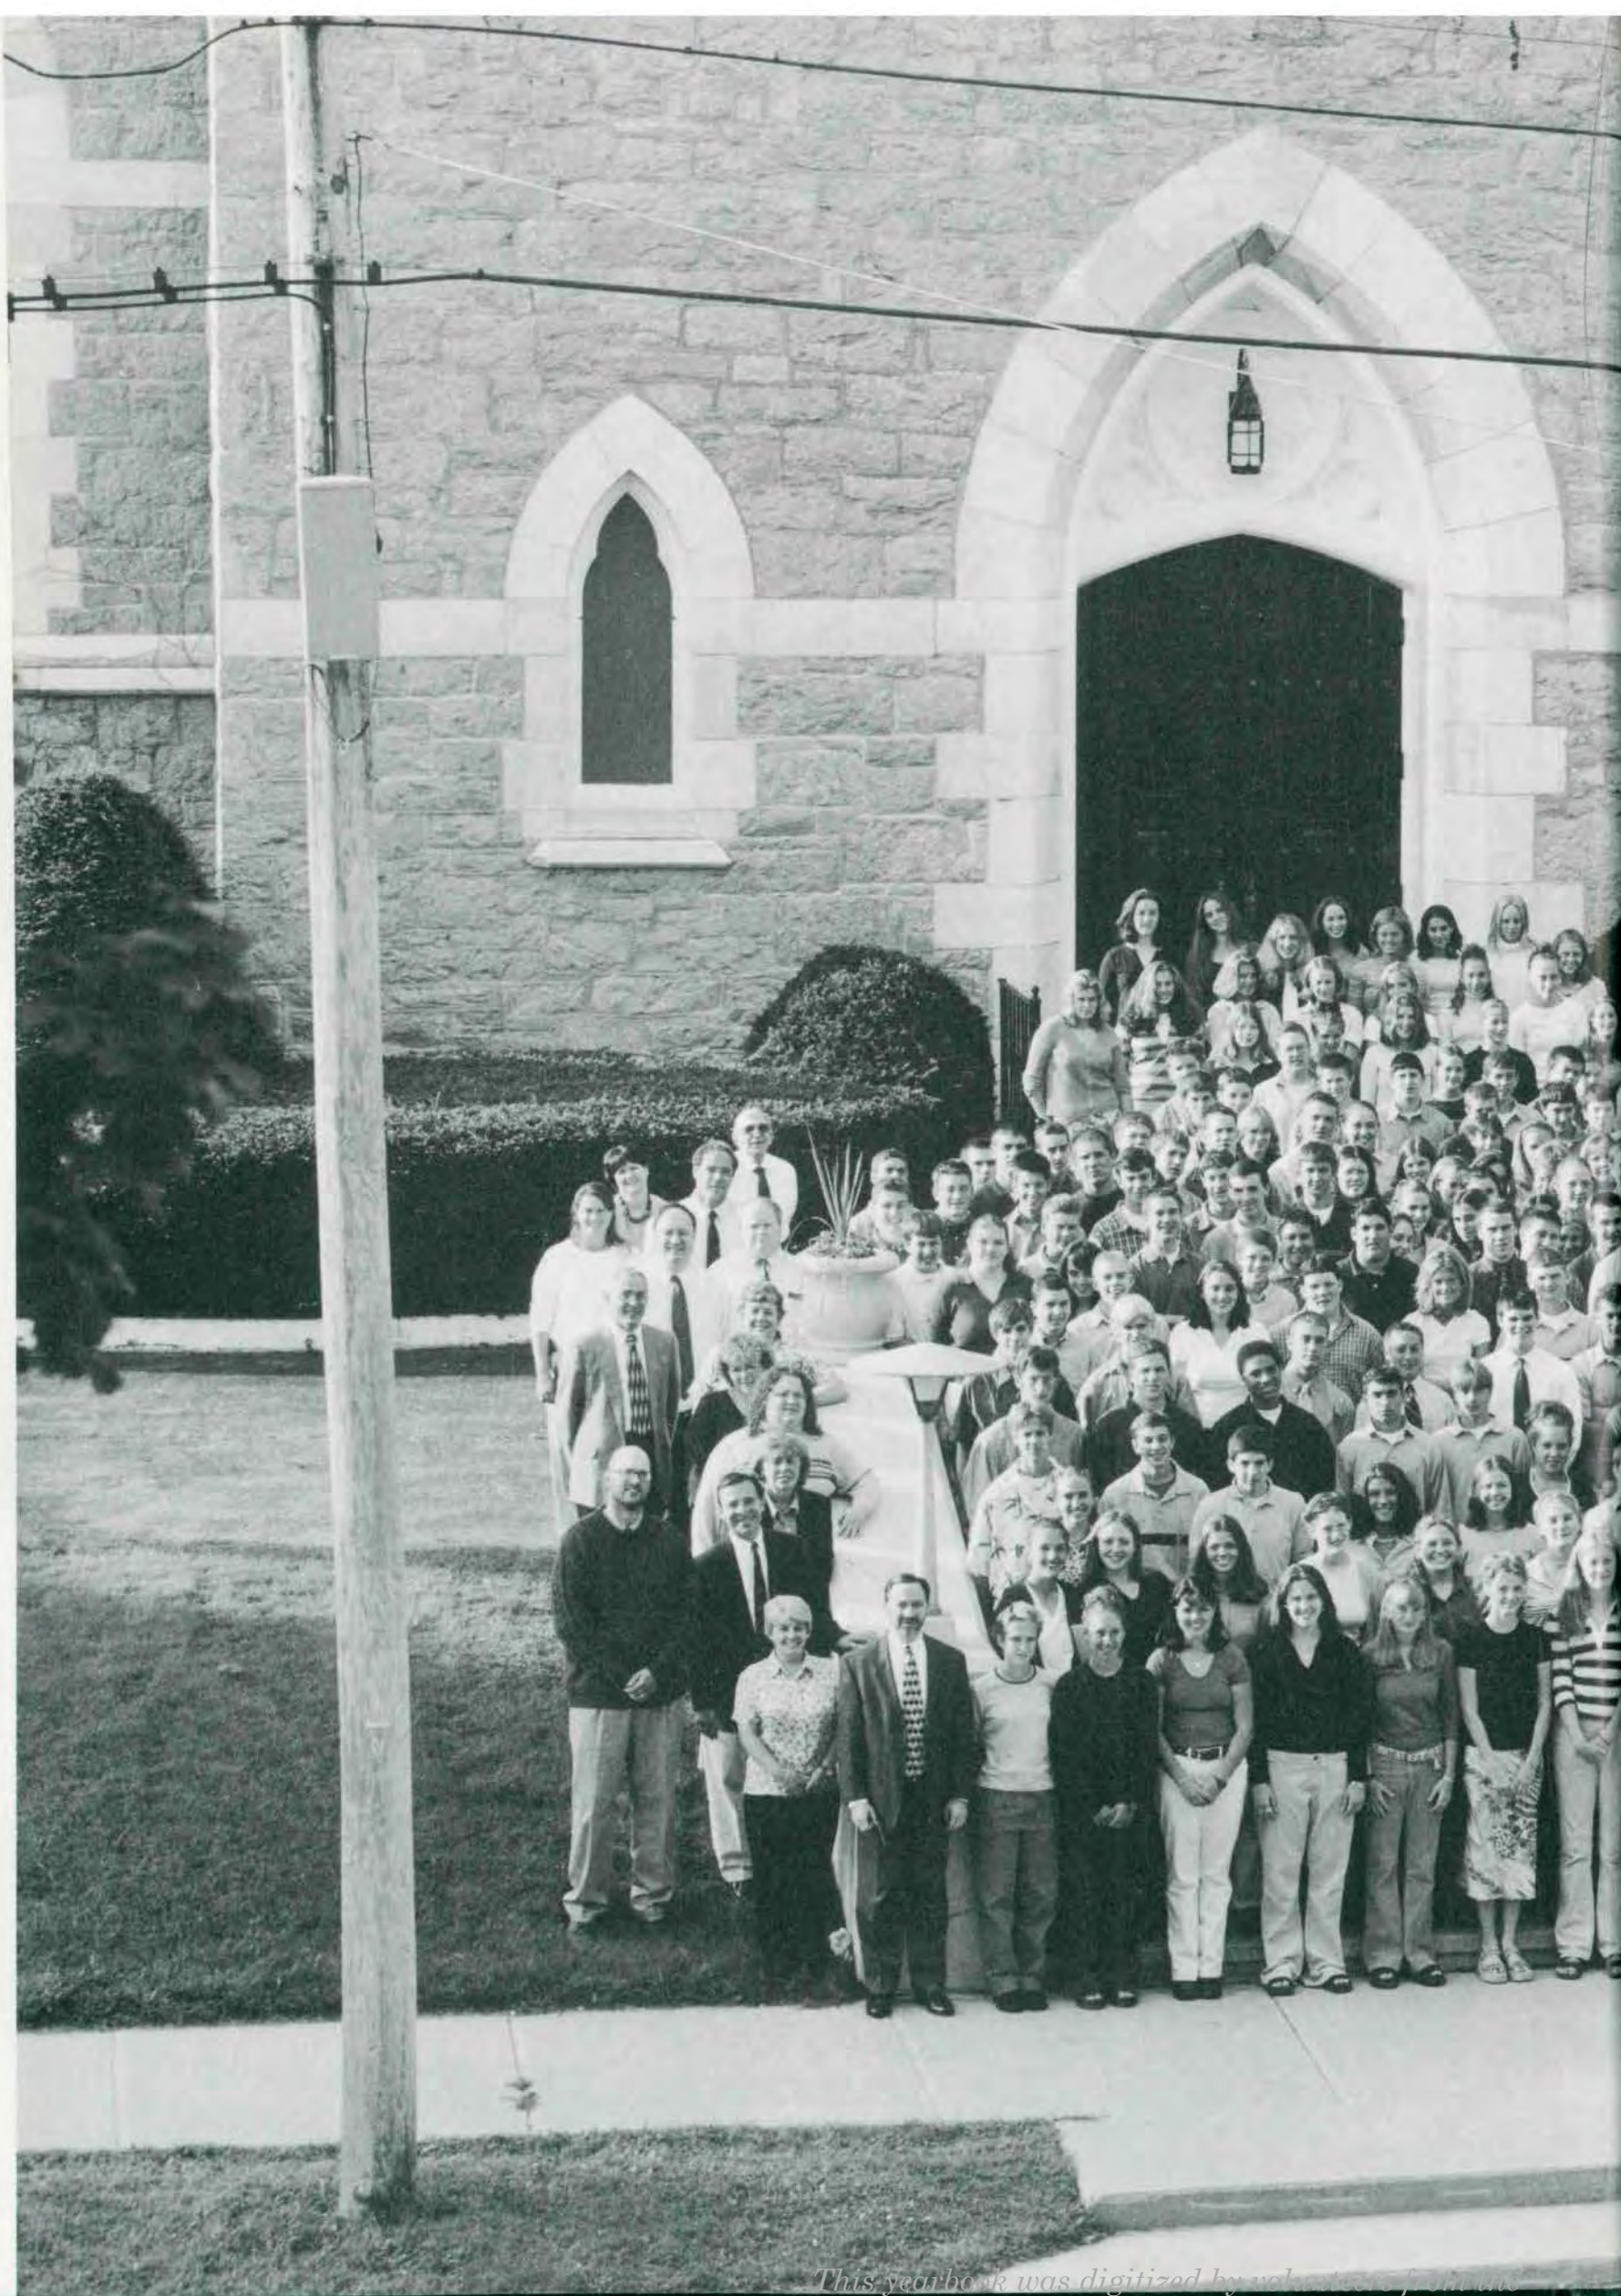

Sincerely,

For Americans, September 11, 2001, will go down in history as a day the world changed. Like December 7, 1941 — the day that will live in infamy — the attacks on targets in New York and Washington will resonate throughout the nation. If anything, the events may prove to be even more shocking than that on Pearl Harbor. In 1941, the Japanese air force launched itself against military targets on an island — not yet a state — in the middle of the Pacific. This terrorism was directed at civilians, in perhaps the most densely inhabited chunk of real state in the nation's largest city.

**Wednesday, Sep. 12, 2001**

Morning came, and everything was changed. The sun rose Wednesday over the absence of a national landmark, a smoldering ruin in lower Manhattan where the World Trade Center towers had stood. In Washington the Pentagon, still on fire, was deeply scarred — along with Americans' collective sense of security. After a day in which terrorists had managed to effectively shut down both cities, suspend all air traffic in the U.S. and force evacuations across the country and in U.S. facilities worldwide.

Think if you will what you could do if you dreamed a big dream and made it come true. A dream is not something you do in your sleep. A dream is more like a promise to keep. The Wendy's Club. "I truly believe that we're not living in a time when we should be looking to someone or something else all for guidance. We all really need to be moving on our own accord, finding the messiah within ourselves that's going to lead us to the promised land, whatever that may be. But I don't think a lot of people are doing that. They're turning to other things when all they gotta do is turn towards themselves and realize that everything that they need to know is right there (points toward head), and the more you listen to the voices outside your head, the farther you are from understanding who you really are, where you come from, and where you're going." - Maynard James Keenan. "Our fathers were our models for God. And if our fathers bailed, what does that tell us about God?" - Fight Club. "Don't run, you'll just die tired."

When you feel all alone and the loyal friend is hard to find. You come in the one way street with a monster in your head. When hope and dream is far away and feel that you can't fit those things. Let me be the one you call. If you jump I will break your fall. Let two of us will fly away with you into the night. If you need to fall apart, like a man of broken heart. If you need to crash and burn - You are not alone.

After that I am going to be a surgeon at a big hospital and I am going to save a lot of lives. **John Lewis** - I will be in Manchester working for Mark at Tom's Lawn Care. **Tyler Lonczak** - I'll speak C++ to clients, 1-2-3 to management, and mumble to myself. Really though,

I should be working on the new version of Linux (4.0 hopefully) and having a grand old time, perhaps even doing some game programming. I'll leave with a quote, "He who controls the past, commands the future. He who commands the future, conquers the past." - George Orwell. **Eric Ludwig** - Playing pro ball for the Broncos with Chris. **Matt Mallory** - Married with a couple of kids on an island, building houses for people and myself. I will also be smelling the smelly smell of something smelly (Mr. Crabs). **Chris Maravalli** - After being forced into early retirement from the Rutland Professional Soccer League, I'm going to meet up with the crew and join Alpha Beta Russo. **Katrina Milo** - I will be finishing the spoof with Lauren, going on 4-H trips (that I don't belong at) with Katie, still taking the long way with Megan, hunting Emus with Ashley, Amelia, and Lauren C., singing the "jelly man" song with Cara B, looking for the knacker with Caitlin, all while performing a stand up freak show with Jim Carrey. **Matt Nasveschuk** - Lloyd Christmas. **Amelia Paini** - In New York singing Limpiaparabrisas with Caitlin and Cubby, and making MK and A movies with my twin sister on the weekends. **Tess Pollinger** - In ten years I see myself married to Benjamin White, hopefully with a 10-0 boxing record, maybe even going pro, while being a doctor in Israel. **Joal Prior** - I will be living in Florida with my own accounting firm making millions, and starting my own snowboard, inline, and skateboard business with Bart. **Inza Rehlen** - I'll be in an urban environment somewhere with interludes of traveling. Whatever my occupation, it'll be changing the world (or maybe just a small country, or a state... or a big city). **Stephen Reilly** - With Clayt, either in a band, touring the world, or raising dental floss in Montana. A professional model. The sexiest man alive. If all else fails, I'll have a job working for Mark Slade at Tom's Lawn Care with John Lewis. **Matt Russo** - I'm going to start my own fraternity - Alpha Beta Russo. It will be the first co-ed frat. Meanwhile, I'll keep up the weekly football betting with BD. **Chris Sabatino** - Playing pro ball for the Broncos with Eric and living in Hawaii. **Katie Schlachter** - For the next few years I'll be living in Alburg riding and showing Krizer Quarter Horses during the day, playing with bands at night, and going muddin' in the spring. After this I don't know where I'll end up - maybe I'll get married and start a Paint and Quarter Horse Farm up there and raise draft horses on the side. **Kristen Seager** - I will be living it up in my mansion in California with my buddy Marge, having Keenan and Lux over to the house for BB&P and also continuing my success of DiKal with Costa. **Darby Simonds** - I will be living with Rick and Joe in our apartment above the Pet Cage. **Ron Sivret** - After winning a Grammy for Best Hard Core Band, I am going to Alpha Beta Russo to be with my buds. **Rachel Terry** - I will be living in a shack by a river trying to pay off my vet school loans by sticking my hand up the not-so-pretty end of a cow, and fiddling on street corners. **Nick Todriff** - I don't like to predict the future because I believe we shall play with the cards we have been dealt. Anyway, years from now, I hope to be married to my wife, to have a cooking show with Mark Fucile, keeping the peace with Mr. Cirelli at MSJ, my own radio show, become the WWF Champion, working for Vince McMahon - and doing what I do best - entertaining a crowd! Most importantly, I hope I am still alive and that I stay healthy. **Suvimon Tongsirikul** - I will be a famous business woman living in Thailand after graduating with my master's degree from the best university in the world. **Cara Tripodi** - In ten years, who knows???? **Amanda Vargas** - I see myself as a mafia wife/pre-school teacher with a Ford Expedition and four kids. If that falls through (which it won't), I'll either be sitting in a bakery sharing my Chocolate Chip Cookies with Lauren, Lauren, Katie, Meghan, Megan, Ashley, Katrina, Mary and Lia. Or listening to Ashley tell her many eventful stories, wondering how she manages these things. **Liz Weins** - Louisa and I will be cruising around Florida blasting our tunes, making up for lost time. **Lauren Wierzbicki** - I plan on being a successful teacher, wife, and mother within the next fifteen years. Until then I will be fully living it up and eating plenty of canned frosting with Bri. **Num Witnorapatt** - I haven't decided which college I will go to. Maybe in Thailand or maybe in the United States. Who knows?? **Lia Wortman** - Living in Florida with Mary, cruising in our jeeps, meeting new guys, and finding new targets. **Misha Wylenzek** - When I come back to Poland I will open "The American Football School" and I will be the best football coach in all of Europe!!!!

## Mount St. Joseph Academy Mission Statement

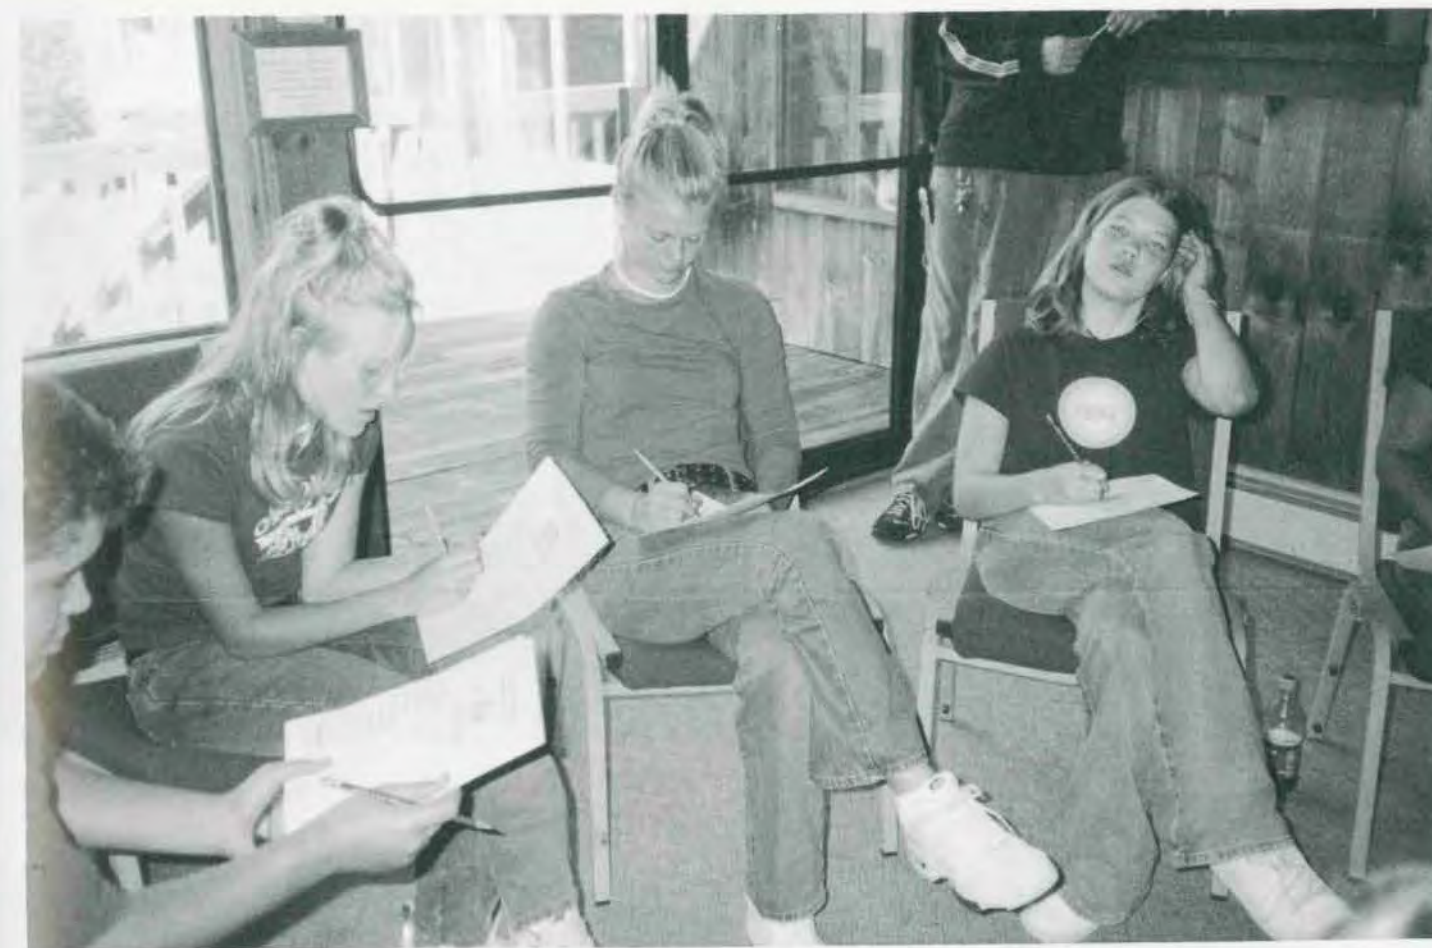

Mount St. Joseph Academy provides a  
quality education  
in a Catholic community setting  
directed toward the  
development of the  
whole person.

Spiritual development occurs when students take lessons from the classroom and reflect on their connections to everyday life. Retreats offer a time for reflection and community building. By leaving our comfort zones, we have an opportunity to grow. Student leaders met, gathered input from their peers, and planned these retreats so they are geared to best serve the spiritual needs of students. They also provided prayer services and talks which provide opportunities for all students to pray, reflect, and get to know God, themselves, and the other members of their class. Father McShane and other members of the Theology faculty orchestrated planning of the retreats. Also, many parents and faculty joined in the efforts.

#### MSJ Community Service:

Community Service is a requirement at MSJ. The goal of the program is to develop student's understanding and appreciation of the Catholic values associated with volunteerism, charity, peace, and justice. Service opportunities ought to help the student's learning increase and offer methods of intellectual, spiritual, and personal growth outside of the classroom. Students have a variety of ways to fulfill the service requirement. Students can choose to serve in the immediate MSJ community, in their local parish community, in peace and justice oriented organizations, or in base community service organizations

**-immediate MSJ community:** fundraising, recycling, Interact Club, collections for local people, national disaster relief, or other projects.

**-local parish community:** music ministers, CCD assistants, lectors, eucharistic ministers, altar servers, rectory or parish assistants

**-peace and justice oriented organizations:** Right to Life, Coalition Against the Death Penalty, Amnesty International, Pax Christi, SOA Watch

**-base community service organizations:** Dismas House, The Open Door Mission, Habitat for Humanity, American Friends Service Committee, Rutland West Housing, Rutland Regional Medical Center, Head Start, The Loretto Home, Eden Park Nursing Home, Genesis Elder Care, American Red Cross

2. Lauren Wierzbicki volunteers at the Loretto Home.
3. Liz Weins, Stef Collins-Ammatuna, and Danielle Center volunteer for Urban Challenge in Camden, NJ.
4. Stephen Reilly donates blood during the blood drive.
5. Katrina Milo, Amelia Paini, Megan Kiernan, Katie Farrell volunteer as angels to welcome Santa Claus through the Interact Club.

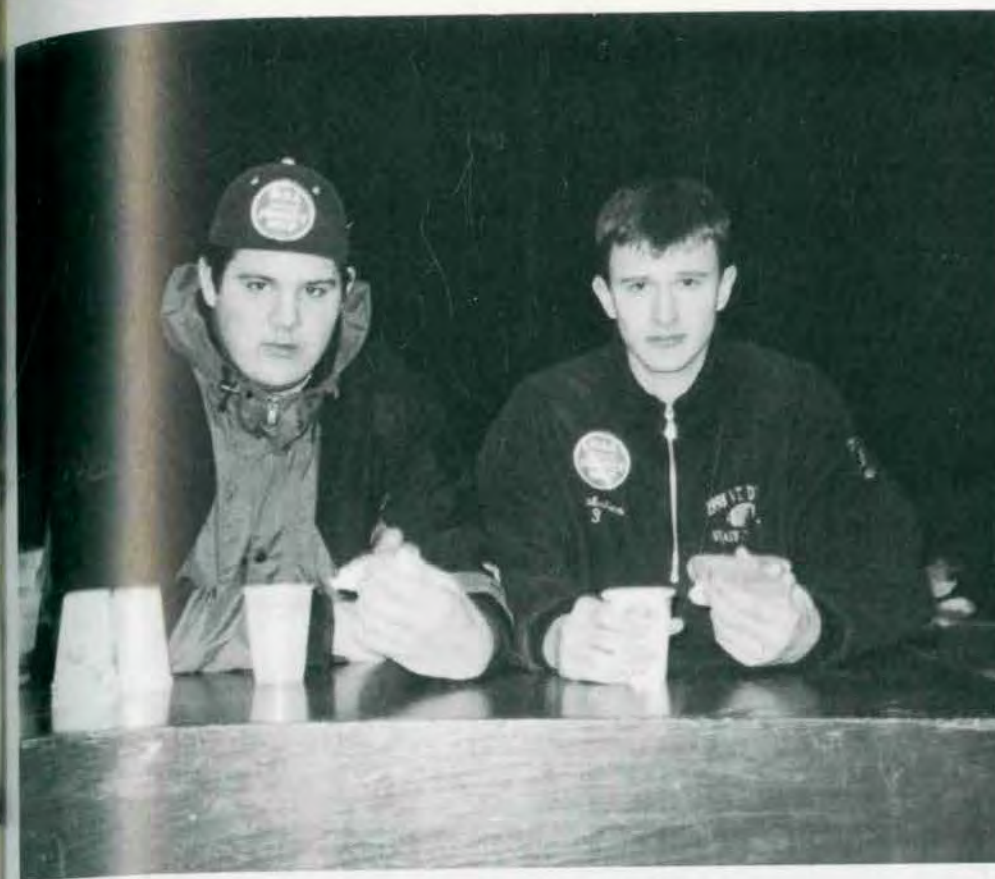

Pictured above are the students who traveled to Camden, NJ to volunteer for Urban Challenge. They are: Jamie Larson, Danielle Center, Stef Collins-Ammatuna, Liz Weins, Tom Chiccarelli, and Brian Dowling. A very special thank you to the chaperons - Ms. Johnson and Mrs. Ammatuna.

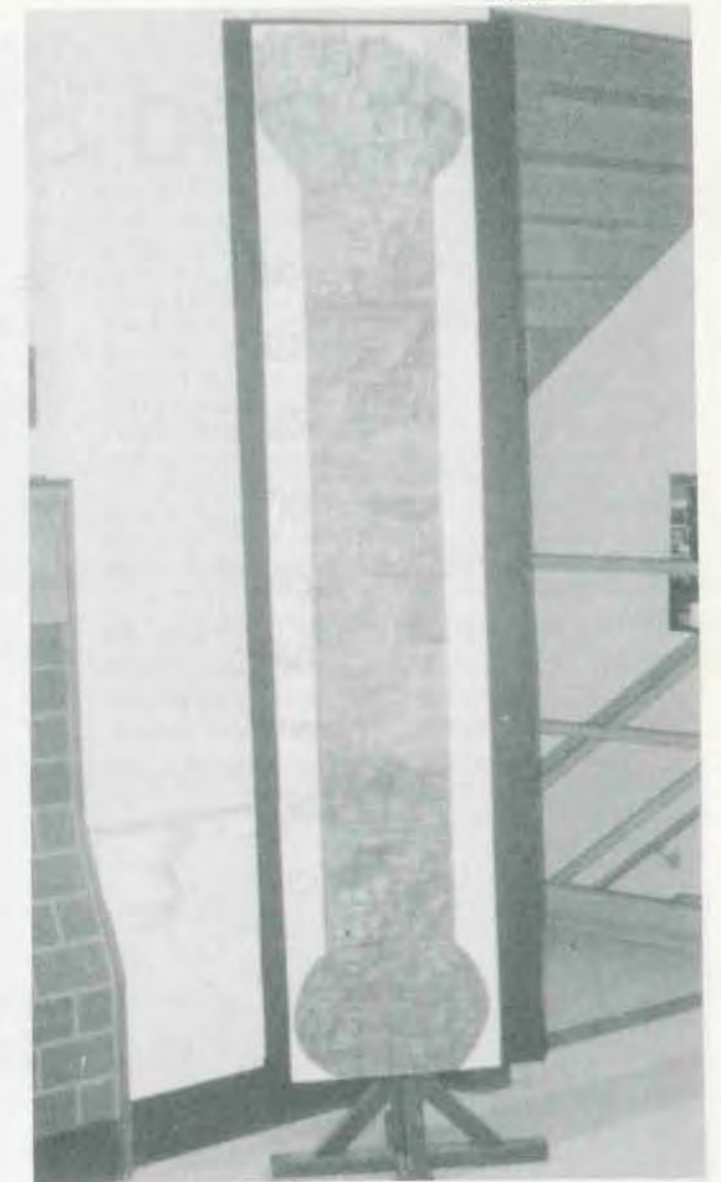

## Urban Challenge

Urban Challenge is one of the programs sponsored by the Romero Center, an outreach program of St. Joseph's Pro-Cathedral in Camden, NJ. This program hopes to give Catholics and other people of faith the opportunity to build bridges of understanding. It strives to confront issues which divide us - poverty, race, and class - in a safe, prayerful, and constructive environment. The work sites used in Urban Challenge include housing rehabilitation at Heart of Camden and Habitat for Humanity, hot meal distribution at the Neighborhood Center, and work at the South New Jersey Food Bank.

The Parents and Friends Club provided lunch for all of the Project Help volunteers.

Kids to Kids. MSJ students collected clothes to send to children in Afghanistan. They surpassed their goal, collecting 195 items. Clothing could not have sponsorship labeling.

Project Help has been a tradition at Mount St. Joseph Academy since 1969. Approximately 170 baskets are made for people in the Rutland area. In addition, some food is also donated to The Community Cupboard and The Mission. All money that is collected is used to purchase turkeys and chickens for the holiday baskets.

### Director's Notes

Anyone who has taken several years of high school French probably has read this story, or tried to, *en français*. It is a classic in more ways than one. Not a children's story, it is rather a myth for adults who need to remember what is "essential to life." We always can use a reminder of what our priorities should be, but especially this fall after the events of September 11. We hope that this little prince's story will bring some silver linings to the dark clouds of current events. And in case you have forgotten your high school French, we present one small segment of the story, ("the Drinker") in the original, with no translation. We think you'll get the meaning all on your own.

Also note: it is a director's prerogative to cast parts regardless of gender. You'll notice that in this production many roles traditionally done by men or women have been switched. Vive la difference! Thanks for coming.

Tim Jones, coach of the Mount St. Joseph's cross-country team, was beaming like his kids took first place.

Jones was thrilled despite the fact that Rutland High School won both the boys and girls competition over the 2.5-mile course at MSJ's new course in Rutland.

"This was the first time in 15 years that MSJ had a home meet near our school," Jones said Tuesday. "We had 79 finishers from six different schools."

The only other complete girls team in the field was Woodstock (32).

On the boys side, the Wasps beat out the second-place Windsor Yellow Jackets, who finished with 67 points. Rounding out the boys scores were Otter Valley (94), Arlington (108), MSJ (127), Hardford (130), Green Mountain (140), and Black River (184).

Phil Galley led the Wasps with a fourth-place finish, completing the course with a time of 18:56.90. He was followed by teammates Jim Mazino (seventh, 19:32.0), Chris Franzen (eighth, 19:38.18) and Paul Winston (10th, 19:41.99).

Windsor got a first-place result from Edgerton (17:43), edging out A-Garrett Pispapian (17:52.28). Of the top 10 were Leland & Gray (third, 18:41.85), Mill River (fifth, 19:01.58), Windsor (sixth, 19:05.69) and Arlington (ninth, 19:41.58).

Jen Stanton paced the Mounties with a time of 22:58.28, followed by teammates Liz Weins (seventh, 23:01.18) and Brooke Gates (seventh, 23:01.18).

MSJ's Zach Turner (44) makes Poulney's Josh Brown (21) miss during a pass play in Saturday's game in Poulney.

**MOUNT ST. JOSEPH**

Linsy Johnson becomes the second Johnson to coach hockey at Mount St. Joseph Academy; husband Jeff coaches ice hockey, while Linsy has taken up the reins of the field hockey program.

Johnson hopes to jump-start a program that is in its second year and is at junior varsity level. There are only 12 girls out in preseason but Johnson hopes that more will join once school starts. The players encompass a broad range of ability. Some have played since middle school, others not at all.

"It will be an interesting challenge," said Johnson, who will continue to referee varsity games this fall. "This is a great sport for girls and should be a big plus for the Rutland area, giving girls a choice. In time, it could be a very competitive intra-city program. The girls are gang-bros and want to establish themselves."

MSJ will join a round-robin scrimmage with Rutland and Burr & Burton and will play an eight-game junior varsity schedule. Johnson's hope is that the program will grow and enter the Marble Valley League as a full-fledged varsity sport by next fall.

**Kiernan score in 119th minute trips up Royals**

**By CHUCK CLARINO**

Like most of the 16 players left on the field, Megan Kiernan was suffering. She was cramping up, tired from running and ready to call it a day.

With the clock ticking down to 119 minutes played, Kiernan measured when it took to score the golden goal, lifting eighth-seeded Mount St. Joseph to a 3-2 victory over ninth-seeded South River in a Division III girls soccer playoff semifinal Tuesday.

Kiernan shot the game-winning goal. She took a 134 remaining in the second 10-minute period of sudden-death overtime, sending a penalty kick shooting.

"I was the goalie, wanted to go closer but was afraid to cut down the angle. And I was thinking I had to go for one of the corners," said Kiernan, one of eight MSJ players left on the pitch for the decisive action. "I pulled up and it happened to go to the right. I was so excited."

"We were all pretty dead out there, we were running really on desire and heart," Kiernan added. "We would have given as much as we needed to have it. I know it was really great."

The hype surrounding the arrival of the undefeated Windsor Yellow Jackets with their much-ballyhooed player, Candice Holliday, to square off against the Mount St. Joseph Mounties in a Division III girls basketball showdown Friday proved to be just that.

It was no contest.

The Mounties demonstrated that the team concept heavily outweighs the accomplishments of the individual.

## International Students

My senior year in Vermont has been great. I have experienced a lot more than what I thought I would. As I'm writing this paper, I realize that I have been here for 6 months. Everything has gone so fast. I can't believe that my exciting year is almost over. MSJ is a great school. You guys are very nice to me. I'm having a lot of fun, especially with my lunch table!!! You guys are awesome, you know that huh? Well, I don't know what to write anymore. There are so many things in my head, but I don't think that I could write all of this stuff down in just one paper. Anyway, I want to thank the Vargas family: Mom, Dad, Amanda, and Rumble. You guys are so sweet and funny. You know better what you have done for me, right? I also want to thank my family in Thailand, who support and respect me in whatever decisions I make. I would like to thank all my friends...you know who you are!!! I want to thank all the faculty at MSJ. You have taught me a lot. MSJ has given me a lot of experiences, which not everyone will get a chance to have. Next year in Thailand, I will miss you guys a lot, though. Hopefully, I will get a chance to see you guys again...Love You All : )  
P.S. America...one of the greatest things that ever happened to me!!!

Suvimon "May" Tongsirikul

It is wonderful here in America and it has only been one month since I have been here. It was very hard to decide to come here, but now I have no regrets about it. First of all, I would like to thank my host family, the Hassebrocks: Mr. and Mrs. Hassebrock, Jayme and Laura. You're so cool and pleasant!! It is so lucky for me to meet you. Thank you so much for everything. I love you!! And I'd like to thank also my friends and teachers at MSJ. They're so kind and they help me a lot. Though the change was hard for me; I like them all! Finally, I'd like to thank my family in Korea for having me get all of these great experiences. I love everyone whom I have met here and I'll never forget them or MSJ.  
- Eunji Yoo

My senior in VT is so great. I just could not believe that the time has gone so fast. It is about my time to go back home. It's just a wonderful thing to be accepted in MSJ community. I have learned so many things at here, MSJ. It really has been my wonderful experience.

First and foremost, I would like to thank my parents for all their support. If I don't have them, I would not have today. Love you much, mom and dad. Also to my big Sister and Little Brother for giving me an encouragement. Being there for me even I'm up or down. Thanks all MSJ faculties for give me a warm welcome and make me feel like I'm apart of this community. Thanks all of my friends to being such good friends. I wouldn't forget you. Finally, I would like to thanks Uncle Teddy and Aunt Judy for taking care of me. Hosting me as their kids. I love you all.

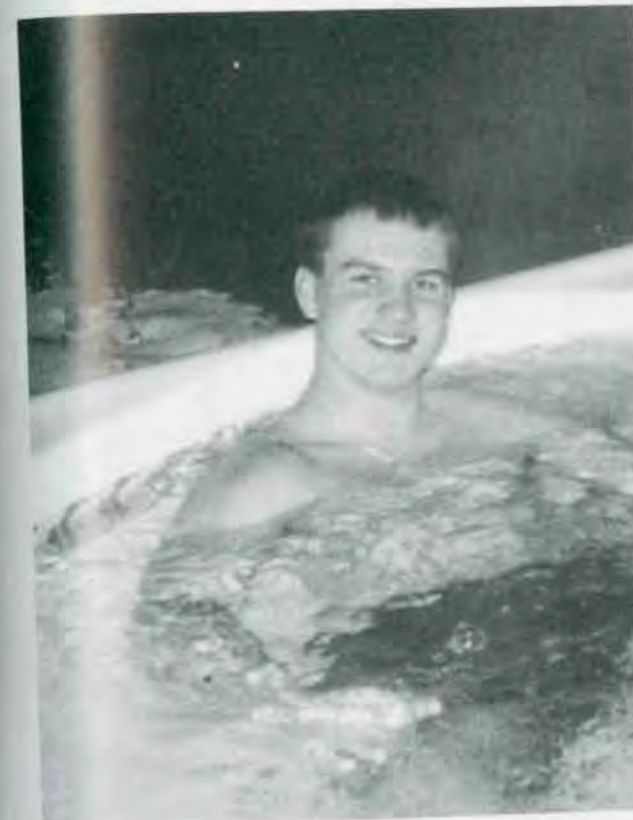

P.S. This year is my unforgettable time. This experience will remind me forever no matter what...

"As we go on we remember for the time sweet had together"

Num Wisitnorapatt :-)

What have I done in the USA? I am not sure. In the beginning of this year I started to play FOOTBALL. I was pretty good. And now I have got a lot of good friends and few very very good (S.R., C.G., J.L., J.C....) I taught the boys from the team Polish soccer songs, in Polish of course. Was a lot of fun. After season I started to play in the Jazz Band, and we are playing steel. During the winter season I join the Alpine Ski Team and I like it a lot. At Spring I like to join the Baseball Team. So far so good!!! During this year I had two very good host families: The Faceys, and The Rehlns. Thanks a lot everybody for your friendship, patience, for being nice to me, for everything. This is the best of the best year in the United States so far!!!! (Because I have never been here before!). Once again thanks for everything and I hope that you do not forget about me.  
-Misha Wylenzek

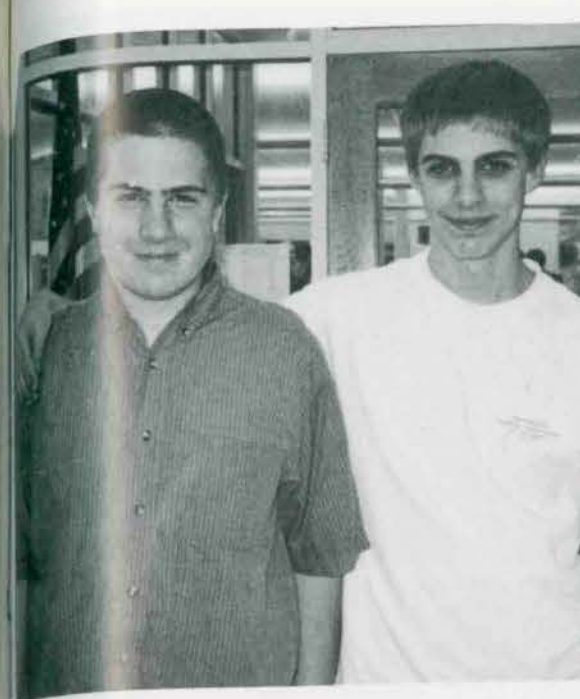

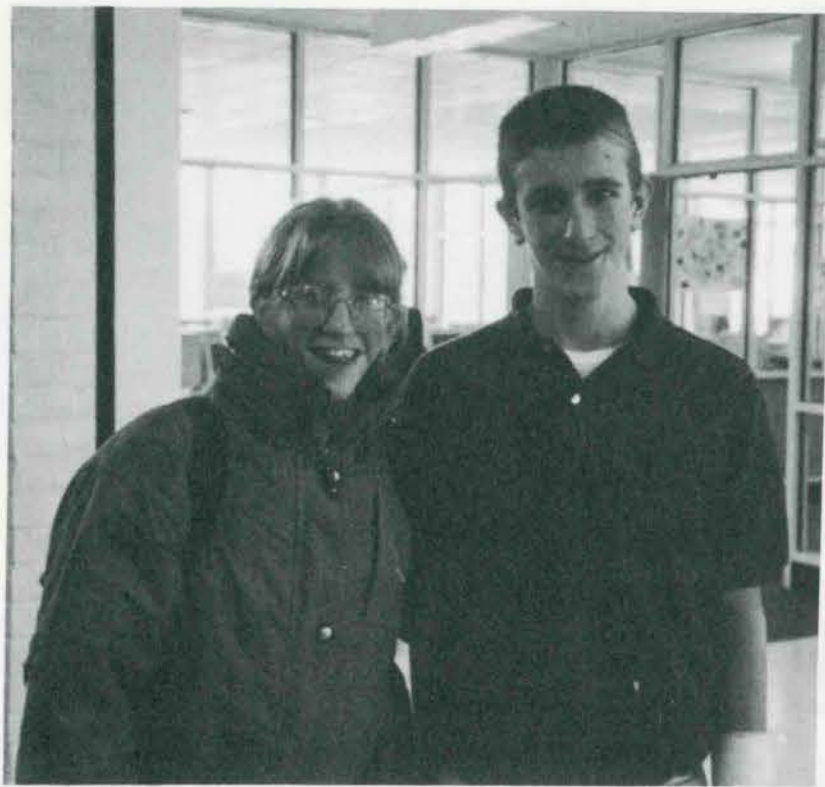

The time went by so fast. I am happy because I'll go back home and I am so sad because I'll leave here. My first year in Vermont was so interesting. So many things happened in my life this year. Thank you to my wonderful host families, teachers, and my friends that have always been here for me. Mrs. Chiccarelli - Thank you for everything and I am sorry that I gave you a hard time. I promise that when I come back next year I'll be able to spell your name. Nick and Tom Chiccarelli - Thank you for giving me a ride, a crazy time, and I promise I won't forget two unnormal guys forever. (Just kidding, you're great!) Brittany, Amy, Nicole, Debi, Sarah, and Num - I am glad that I had lunch with you. Num and May - Good Luck with everything. (Call me when you get back to Thailand!) A big thank you to my family that has supported me, and my relatives that always care about me. To my friends in Thailand, thanks for the e-mail.

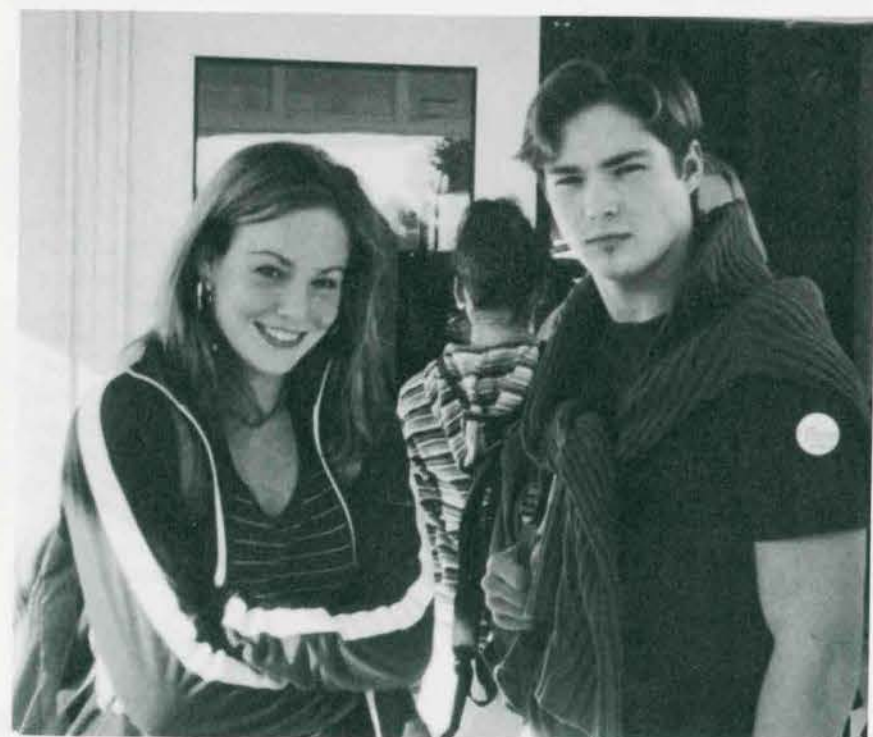

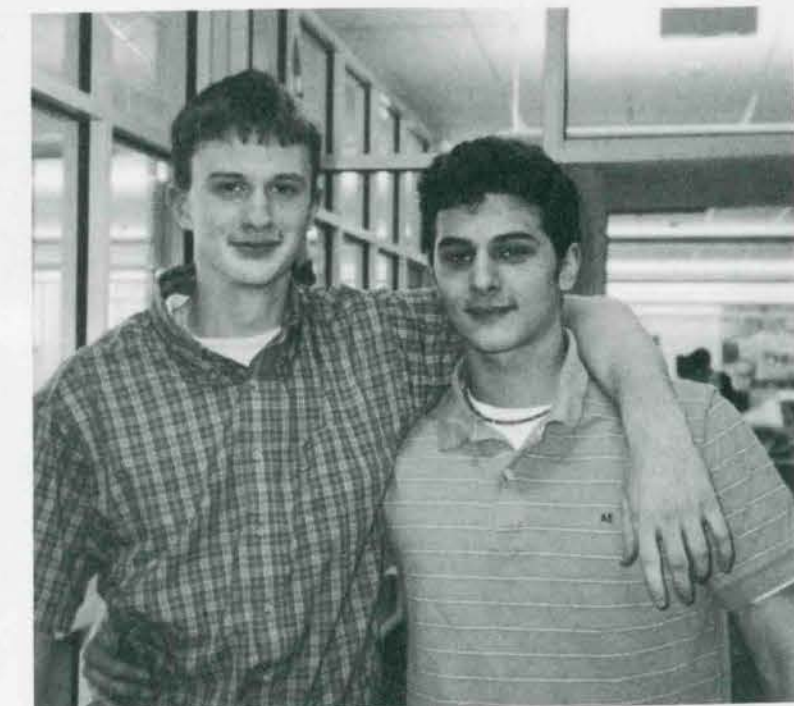

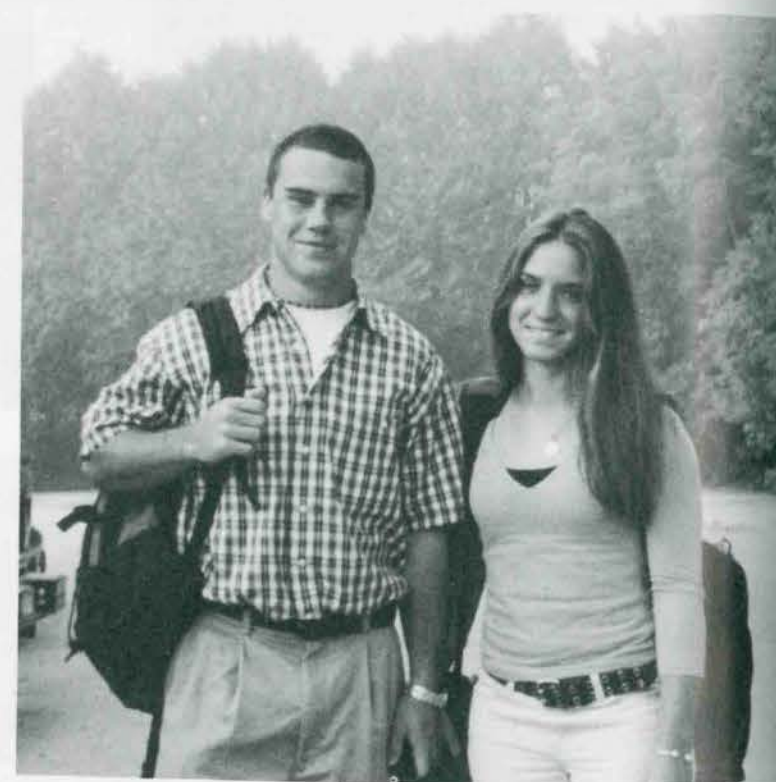

Always Love,

Praowpayom "Praow" Vichatokornkul

To our son John,

Well John, little did we know when you first brought us to look at Mount Saint Joseph and said, "this is the school I want to go to", how our lives were about to change. Now over 40,000 miles later, 3000 gallons of gas, 535 bagged lunches, a couple of traffic tickets and a rear tire that beat you in the ¼ mile, we would welcome with all our hearts those few simple words you spoke three years later, "I love this school".

Our most sincere thanks to all of the administrators, faculty, staff and coaches that welcomed John and gave him something he'll carry with him the rest of his life.

To his friends, we just can't express ourselves enough. You became a part of our lives we'll never forget and though at times John seemed a million miles away and in a whole different world, we knew he was safe and happy because of you.

John, thanks for being who you are and taking us places we never would have thought of going!

Love,  
Mom, Dad & Will

To Our Katie,

Congratulations and Best Wishes to you and the Class of 2002 as you begin the best years of your life. Whether in academics, 4-H, dance, sports (#12), or community service, you have made us proud. Your sense of fairness and desire for justice for all people will take you far.

Thanks for your laughter, kindness, and the beautiful memories. You are so special. You'll always be our Cubby!

Love Always,

I wish you love and happiness  
Perfect Health your whole life through  
As much money as you need  
to make life easier  
To do the things you want to

I wish you joy and satisfaction  
The appreciation you so deserve  
Courage when you're fearful  
When you're about to lose your nerve

I wish you good friends to call on  
A playful heart to keep you young  
Special memories to hold on to  
Pretty melodies to be sung

I hope you have someone to talk to  
And to be with when you please

To share life's special things with  
Like a walk among the trees.

To share a blanket in the wintertime  
To protect you from the cold  
To picnic with in the summertime  
To hug and kiss and hold

Remember, things don't always work out  
for the best in life

But you can make the best of everything  
Just turn those lessons from your journey  
Into songs that you can sing

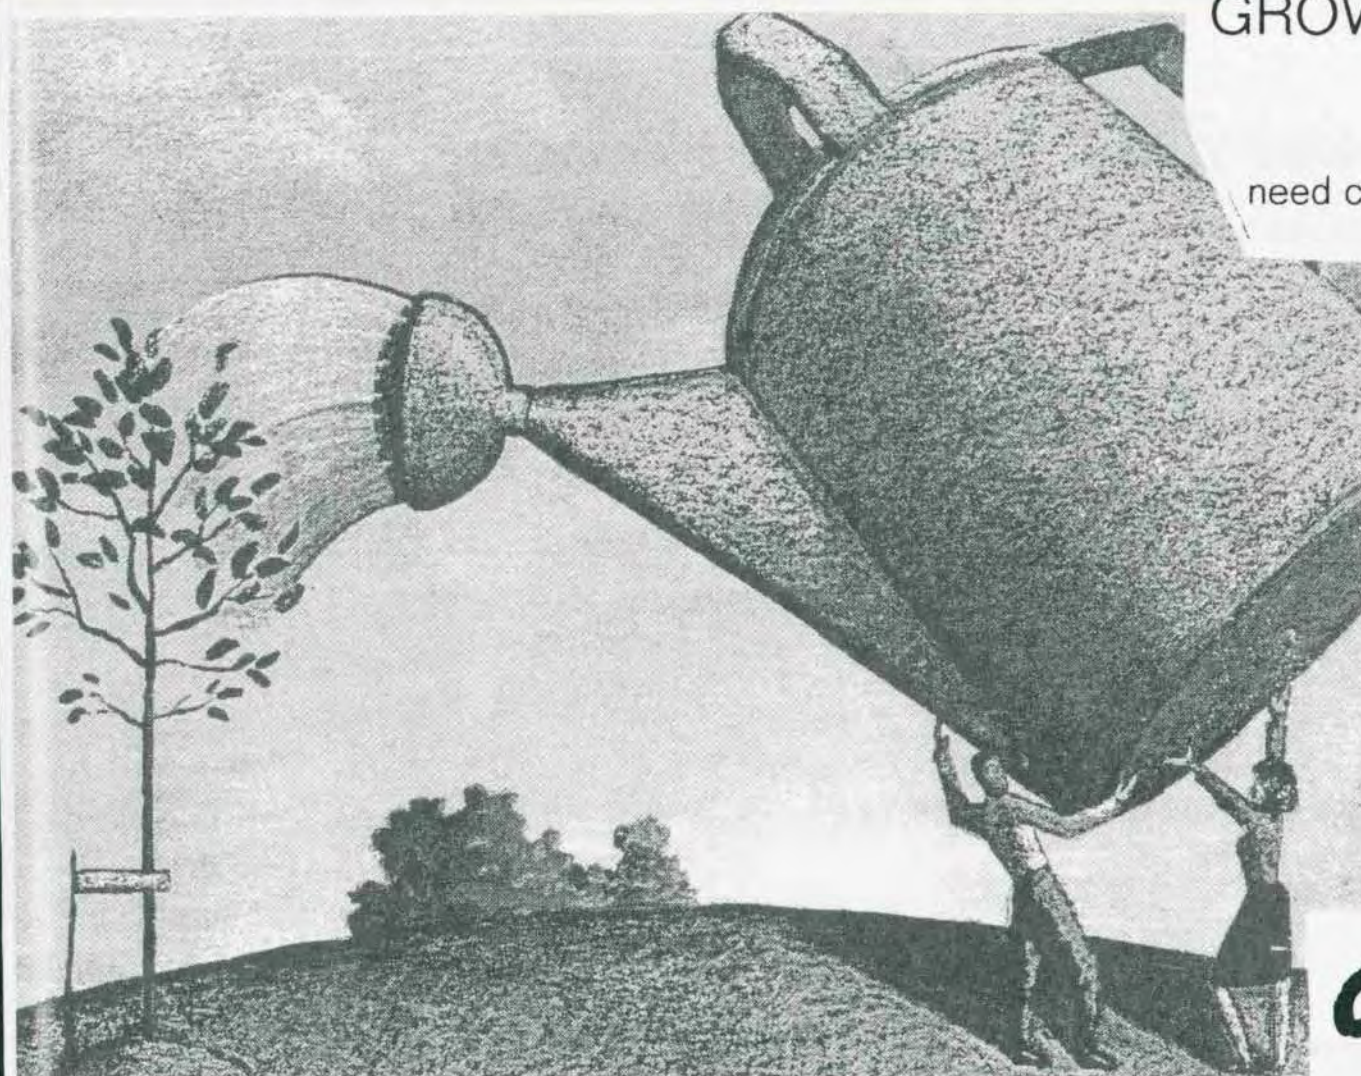

If I could package up all my wishes for you  
With a ribbon and a bow

Whatever you want should be yours for the asking  
Whatever you need, wherever you go."

Your life is full of many exciting adventures. We look forward to sharing more special times in the future. Good luck at the University of Connecticut!

The paradox of our time in history is that we have taller buildings but shorter tempers, wider freeways, but narrower viewpoints. We spend more, but have less. We buy more, but enjoy less. We have bigger houses and smaller families, more conveniences, but less time. We have more degrees but less sense, more knowledge, but less judgment, more experts, yet more problems, more medicine, but less wellness.

We drink too much, smoke too much, spend too recklessly, laugh too little, drive too fast, get too angry, stay up too late, get up too tired, read too little, watch TV too much, and pray too seldom. We have multiplied our possessions, but reduced our values. We talk too much, love too seldom, and hate too often. We've learned how to make a living, but not a life. We've added years to life not life to years. We've been all the way to the moon and back, but have trouble crossing the street to meet a new neighbor. We conquered outer space but not inner space. We've done larger things, but not better things.

We've conquered the atom, but not our prejudice. We write more, but learn less. We plan more, but accomplish less. We've learned to rush, but not to wait. We build more computers to hold more information, to produce more copies than ever, but we communicate less and less.

These are the times of fast foods and slow digestion, big men and small character, steep profits and shallow relationships. These are the days of two incomes but more divorce, fancier houses, but broken homes. These are days of quick trips, disposable diapers, throwaway morality, one night stands, overweight bodies, and pills that do everything from cheer, to quiet, to kill. It is a time when there is much in the showroom window and nothing in the stockroom.

Remember, spend some time with your loved ones, because they are not going to be around forever. Remember, say a kind word to someone who looks up to you in awe, because that little person soon will grow up and leave your side. Remember to give a warm hug to the one next to you, because that is the only treasure you can give with your heart and it doesn't cost a cent.

Remember, to say, "I love you" to your partner and your loved ones, but most of all mean it. A kiss and an embrace will mend hurt when it comes from deep inside of you.

Remember to hold hands and cherish the moment for someday that person will not be there again. Give time to love, give time to speak and give time to share the precious thoughts in your mind.

~ George Carlin

## Jim Grady was a True Hero

It's natural that there was a football autographed by the MSJ Football Team in the coffin close to Jim Grady's right hand. It's natural because Grady loved football almost as much as life. His 36 years of coaching football attest to that.

But on the left lapel of the suit coat that covered his MSJ coaching shirt was a curious blue button. It was difficult to see, but it caught the eye and appeared to have the figure of a child in the center.

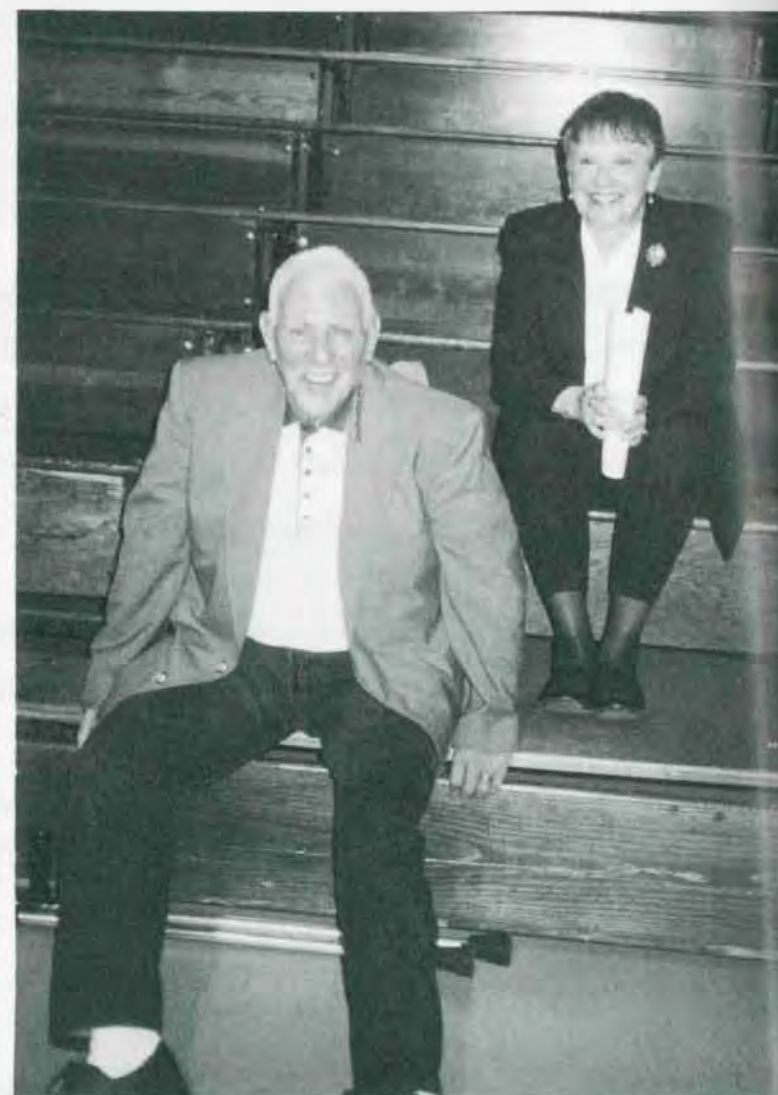

"That's his foster grandparent button," said Betty Grady, wife of 45 years and most loyal supporter. "He was as proud of that as anything he ever did. When he could no longer do one thing (coaching) we'll he'd do another... He'd just give and give that's what it was all about to him.

Fittingly, James V. Grady died on a Saturday morning during football, on the day of an MSJ home football game. Grady was more than a fixture on the MSJ sidelines; he prowled them as a freshman and junior varsity coach. In later years, supported by metal crutches, he was there to lend support and advice to his son Brian. But more importantly, he was there supporting the kids.

He had an uncanny knack for picking kids that needed his guidance early. He could see the diamond, even when it looked like other lumps of coal. Maybe that is why he loved coaching the freshman so much. He could teach the game and not be worried about winning.

Jim Grady delighted in all children. He gave them something of himself to each and in that sense he was the biggest hero of all.
